CONSENT AGREEMENT JURISDICTION AND AUTHORITY

Pursuant to Sections 113(a)(3) and (d) of the Clean Air Act, 42 U.S.C. § 7401 et seq. ("CAA" or "Act"), and 40 C.F.R. §§ 22.13(b) and 22.18(b) of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, the Director of the Air Division, U.S. Environmental Protection Agency Region IX ("Complainant") is simultaneously commencing and concluding this proceeding against Potlatch Forest Products Corporation ("PFPC" or "Respondent"), the Parties herein, through the filing of this Consent Agreement and Final Order Pursuant to 40 C.F.R.

The Administrator of the U.S. Environmental Protection Agency ("EPA") has delegated the authority to file this action under the CAA to the Regional Administrator of EPA Region 9, and the Regional Administrator has re-delegated that authority to Complainant.

Section 113(d)(1) of the Act limits EPA's authority to issue administrative complaints to matters where the total penalty In the Matter of: Potlatch Forest Products Corporation
sought does not exceed \$270,000,¹ and the first alleged date
of violation occurred no more than 12 months prior to the
initiation of the action, unless EPA and the Attorney
General for the U.S. Department of Justice ("DoJ") jointly
determine that a matter involving a larger penalty or longer
period of violation is appropriate for administrative
action. Since this CAFO contains alleged violations that
occurred more than 12 months ago, Complainant has obtained
the required joint determination from EPA Headquarters and
DoJ.

4. This CAFO notifies PFPC of Complainant's determination that PFPC has violated Section 111 of the CAA, 42 U.S.C. §§ 7411, Part 60, Subpart A, §§ 60.1 - 60.19 ("NSPS General Provisions"), and Part 60, Subpart Dc, Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units, 40 C.F.R. §§ 60.40c - 60.48c ("NSPS for Small Steam Generating Units" or "Standard").

II. STATUTORY AND REGULATORY FRAMEWORK

promulgated the NSPS for Small Steam Generating Units, which applies to each steam generating unit for which construction, modification, or reconstruction commenced after June 9, 1989 and that has a maximum design heat input capacity of 100 million Btu per hour ("Btu/hr") or less, but greater than or equal to 10 million Btu/hr. 40 C.F.R.

As adjusted for inflation under the Debt Collection Improvement Act and implementing regulations at 40 C.F.R. Part 19.

- In the Matter of: Potlatch Forest Products Corporation
 § 60.40c(a); 44 Fed. Reg. 37674 (Sept. 12, 1990).
- 6. Within thirty (30) days of construction or reconstruction of a subject steam generating unit, the unit's owner or operator must submit written notification to EPA of the unit's date of construction or reconstruction, design heat input and fuel to be combusted. See 40 C.F.R. §§ 60.7(a)(1) and 60.48c(a).
 - 7. Within fifteen (15) days of actual startup of a subject steam generating unit, the unit's owner or operator must submit written notification to EPA of the unit's actual startup date. Id.
 - 8. Sections 113(a)(3)(A) and 113(d) of the CAA, 42 U.S.C. §§ 7413(a)(3)(A) and (d), authorize EPA to issue an administrative penalty order to enforce requirements or prohibitions of Section 111 of the CAA, 42 U.S.C. § 7411, and any rule promulgated thereunder.
 - 9. Section 113(d)(1) of the CAA, 42 U.S.C. § 7413(d)(1), in conjunction with the Debt Collection Improvement Act and its implementing regulations at 40 C.F.R. Part 19, authorize EPA to assess a civil penalty of up to \$27,500 per day for each violation of the CAA and any regulations promulgated thereunder, occurring before March 16, 2004.
 - 10. The purpose of EPA's "Incentives for Self-Policing: Discovery, Disclosure, Correction and Prevention of Violations," 65 Fed. Reg. 19618 (Apr. 11, 2000) ("Audit Policy") is to enhance protection of human health and the environment by encouraging regulated entities to voluntarily

In the Matter of: Potlatch Forest Products Corporation

discover, disclose, correct and prevent violations of
environmental laws administered by EPA. To that end,
regulated entities establishing that they satisfy the Audit
Policy's nine (9) conditions are eligible for full
mitigation of any gravity-based penalties that otherwise
could be assessed.

III. ALLEGATIONS AND FINDINGS

- 11. At all times relevant to this CAFO, Respondent and Potlatch Corporation were corporations incorporated under the laws of the State of Delaware.
- 12. At all times relevant to this CAFO, Respondent and Potlatch Corporation were each a "person," as defined at Section 302(e), 42 U.S.C. § 7602(e).
- 13. At all times relevant to this CAFO, Potlatch Corporation owned and operated a paper tissue converting facility located at 3901 North Donna Street, N. Las Vegas, Nevada 89030 ("Facility").
- 14. At all times relevant to this CAFO, Potlatch Corporation owned and operated a "steam generating unit" ("Steam Unit") as defined at 40 C.F.R. § 60.41c, at the Facility.
- 15. The construction commencement date of the Steam Unit was October 2, 2002 and its design heat input was 43 million Btu/hr.
- 16. At all times relevant to this CAFO, the Steam Unit was subject to the NSPS for Small Steam Generating Units.
- 17. At all times relevant to this CAFO, the Facility was a "stationary source," as defined at 40 C.F.R. § 60.2.

In the Matter of: Potlatch Forest Products Corporation

- 18. At all times relevant to this CAFO, Potlatch Corporation, as the owner and operator of a "stationary source" containing a "steam generating unit" subject to the Standard, was subject to the NSPS General Provisions. See 40 C.F.R. § 60.1.
- 19. By letter to EPA dated July 31, 2003, Potlatch Corporation self-disclosed that it failed to timely notify EPA of the Steam Unit's construction commencement date and associated information, as well as the Steam Unit's date of actual startup.
- 20. Potlatch Corporations's failure to timely notify EPA of the Steam Unit's construction commencement date and associated information, as well as the Steam Unit's date of actual startup, constitutes two (2) violations of Section 111 of the CAA, and 40 C.F.R. §§ 60.7(a) and 60.48c(a).
- 21. On December 30, 2005, PFPC acquired ownership of the Facility from Potlatch Corporation and assumed all civil environmental liability at the Facility.
- 22. With respect to the two (2) violations described in this CAFO, Complainant finds that PFPC has satisfied all nine (9) conditions of the Audit Policy for systematic discovery, voluntary discovery, prompt disclosure, discovery and disclosure independent of government or third-party plaintiff, correction and remediation, prevent recurrence, no repeat violations, other violations excluded, and cooperation. Therefore, Complainant finds that Respondent qualifies for full mitigation of the gravity component of any civil penalties that otherwise may be assessed.

In the Matter of: Potlatch Forest Products Corporation

23. Complainant finds that PFPC gained an insignificant amount of economic benefit as a result of the violation set forth in this CAFO.

IV. TERMS OF SETTLEMENT

- 24. Accordingly, the civil penalty in settlement of the violations and facts set forth in this CAFO is zero dollars (\$0).
- 25. Complainant's finding in this CAFO that PFPC has satisfied all nine (9) conditions of the Audit Policy is conditioned upon PFPC actually satisfying these conditions. The Parties agree that, should any material fact prove to be other than as represented by PFPC or Potlatch Corporation, this CAFO may be voided in whole or in part.

V. RESPONDENT'S ADMISSIONS

26. Without trial or litigation of the issues or any adjudication of the facts set forth in this CAFO, Respondent (i) admits that EPA has jurisdiction over the subject matter of this CAFO and over Respondent; (ii) admits the allegations contained in paragraphs 11 through 21 of this CAFO; (iii) consents to the terms of this CAFO; (iv) waives any right to contest the allegations in this CAFO; and (v) waives the right to appeal the proposed final order contained in this CAFO.

VI. RETENTION OF RIGHTS

27. In accordance with 40 C.F.R. §§ 22.18(c) and 22.31(a), this CAFO only resolves Respondent's liability for federal civil penalties for the violation and facts set forth in this CAFO.

In the Matter of: Potlatch Forest Products Corporation

Nothing in this CAFO is intended to or shall be construed to resolve (i) any civil liability for violations of any provision of any federal, state, or local law, statute, regulation, rule, ordinance, or permit not specifically alleged in Section III of this CAFO; or (ii) any criminal liability. In addition to any other authority, right, or remedy available to EPA, EPA specifically reserves any and all authorities, rights, and remedies available to it (including, but not limited to, injunctive or other equitable relief or criminal sanctions) to address any violation of this CAFO or any violation not specifically alleged in this CAFO.

28. This CAFO does not exempt, relieve, modify, or affect in any way Respondent's duty to comply with all applicable federal, state, and local laws, regulations, rules, ordinance, and permits.

29. By executing this Consent Agreement, PFPC certifies that it is in compliance with the requirements of the NSPS for Small Generating Units and the NSPS General Provisions.
